Write your answer below. Your response is private and won't be shared.

You'll later be prompted to download your notes as a PDF, which you can use as a helpful resource.

I am here to get more visitors to my website. Google can help me to get relevant visitors to visit my site and increase website traffic. As mentioned above I can also check how many visitors visited the website and its function on the website. Google ads can help me to get more visitors to my website.
